Management And consistency with other fire recently revised safety standards, namely BS 9990 and BS 9991 . The main changes in BS 9999 over the standard it replaces are:

*BS 9999: Code of practice for fire safety in the design ...*

# Access Free Bs 9999 2017 Fire Safety In The Design

The concept behind the development of BS 9999 and BS 7974 is that technical guidance on fire safety is provided at three different levels. This permits a design approach to be adopted that corresponds to the complexity of the building and to the degree of flexibility required. The three
