wise tips in the fifth volume of his unauthorized guide on the best motorcycle maker in the world. Written in straightforward language, this guide can help even a motorcycle novice to become an expert mechanic by following Donnys step-by-step instructions. Whether youre looking for detailed service procedures such as fitting engine bearings or simple tips on maintenance, Donny is eager to share the expertise hes stockpiled on the Shovelhead over the last forty years. Donny shares real stories so you can find solutions to whatever is ailing your Shovelhead. Resolve teething problems, troubleshoot problematic aspects of the engine, and fix whatever comes up with various models. Gear ratios, torque multiplication, and H-D and aftermarket tools of the day are prominent in the guide, which even includes information on tools Donny invented himself to make your life easier. Get the specifications for tightening all the Shovelhead fasteners and adjustments to mechanisms on various models. In his usual forthright manner, Donny makes technical issues understandable, interspersing explanations with entertaining stories about the hard core lifestyle that comes with being a Harley rider.
