**Women Work And Social Rights**

3.1 Women’s rights are inherently human rights, and social work’s historical and international commitment to human rights is a core value of the profession. Historically, women and girls have not enjoyed equal access to basic human rights, protections, resources, and services.
**Women - International Federation of Social Workers**
Through unity with their male co-workers, shop floor organizing, strikes, and militancy, women demonstrated that they could secure union recognition, higher wages, and shorter work hours from their employers. For the first time, women became powerful allies in a common cause with their union brothers.

Women's Issues. Women make up the majority of professional social workers. They experience biases inside and outside of the profession. The National Committee on Women’s Issues (NCOWI), an NASW Board-mandated committee, was established in 1975 to develop, review and monitor programs of NASW that significantly affect women’s issues. Because there are existing factors that still disparage and encumber women, NCOWI’s purpose is as important today as it was in its inception.

Stanton and Susan B. Anthony, a Massachusetts teacher, met in 1850 and forged a lifetime alliance as women’s rights activists. Like many other women reformers of the era, they both had been active in the abolitionist movement. For much of the 1850s they agitated against the denial of basic economic freedoms to women.
Despite the tremendous progress made in the struggle for gender equality, women still face violence, discrimination, and institutional barriers to equal participation in society. Through litigation, advocacy, and public education, the ACLU Women’s Rights Project pushes for change and systemic reform in institutions that perpetuate discrimination against women, focusing its work in the areas of employment, violence against women, and education.

Women’s rights and the Global Goals. The UN Millennium Development Goals set specific targets to reduce poverty, including targets for increased gender equality in education, work, and representation. UN Women found that progress was uneven. Globally, more women are now in school and work.

The meaning of "women's rights" has varied through time and across cultures. Today, there is still a lack of consensus about what constitutes women's rights. Some would argue a woman's ability to control family size is a fundamental women's right. Others would argue women's rights fall under workplace equality or the chance to serve in the military in the same ways that men do.

The Association for Women's Rights in Development (AWID) is a portal of information and analysis on women’s rights and global issues. Mama Cash is the oldest international women’s fund established in the Netherlands in 1983 supporting various initiatives around the world guided by the principle that social change starts with women and girls.
